SEDAPTA GROUP ANNOUNCES A COOPERATION AGREEMENT BETWEEN SEDAPTA CONCEPT GMBH, GERMANY (PART OF SEDAPTA GROUP), AND SYSKRON GMBH

sedApta Group is very pleased to announce a cooperation agreement between sedApta concept GmbH, Germany (part of sedApta Group), and Syskron GmbH (part of Krones AG, the global market leader in manufacturing of machines and lines for the beverage and liquid food industry) with the aim of mutual promotion and support on the way to digitalization in the worldwide beverage and liquid food industry.

Starting from January 1st, 2019 in fact, SYSKRON will implement and integrate the sedApta concept system „key2make“. Key2make is a unique advanced planning and scheduling system for the beverage and liquid food industry and for discrete manufacturing. It complements the SYSKRON portfolio with its unique industry-specific software solutions dedicated to the beverage and liquid food industry and will be offered to their customers on the basis of a long-lasting cooperation agreement.

Two main projects have already been delivered under this agreement to customers in Germany and China, and an additional project was started in Germany.

About SYSKRON:

SYSKRON is the digitalization partner for beverage and liquid food companies in the Industry 4.0 environment. As a Krones brand, SYSKRON specializes in the digitalization of production and communication processes and the optimization of their customers' supply chain.

“We are very pleased to take our partnership to the next level with this agreement. sedApta competence and products in production and factory planning combined with our vertical competence in the beverage and liquid food market allow us to offer unique value to our customers and an integral part to develop sustainable digital factory concepts for the future” (Thomas Bernard, Managing Director of SYSKRON GmbH).

About sedApta Group:

Led by Giorgio Cuttica, a long-running business man, sedApta is an international software provider based in Genoa, Italy. Through its subsidiaries and its partner network, sedApta has quickly expanded to become a key player in the innovative global market of Industry 4.0.

“We are very pleased with this agreement, which will enable us to accelerate our growth in the German market and bring strong synergies to our solutions, expanding our operational potential” (Giorgio Cuttica, President of sedApta Group).

Bernd Näther, Managing Director of sedApta concept GmbH and his experienced team with more than 25 years in design and implementation of streamline manufacturing IT solutions, notes: *“We are very pleased to reach this strategic partnership with SYSKRON. Our common solution “Site Pilot Planning” will be a key differentiator for the digitalization in the future global beverage and liquid food market. It takes planning to a whole new level and brings a lot of benefits for customers in their daily business processes.”*
